Anthony Javier Gómez Niño

Software Engineering Student *·FrontendDeveloper*

anjagoni@gmail.com • (+593) 978 733414 • linkedin.com/in/anjagoni • github.com/LilT0ny

Professional Summary

Software Engineering Student focused on building clean, accessible, and responsive interfaces. I translate requirements into user-centered experiences, validating early with stakeholders and iterating quickly.

Skills

Angular • TypeScript • JavaScript • HTML5 • CSS3 • Responsive Design • Accessibility (A11y) • WordPress • Figma • Git/GitHub • Requirements Analysis • OOP • Python • Java • C# • C++ • SQL

Work Experience

Frontend Intern — Academic Affairs Office, Escuela Politécnica Nacional (EPN) *Quito, Ecuador*
2025 – Present

- Developed Angular components (templates, styles, responsive layouts) aligned with the institutional design system.

- Customized WordPress secondary themes; created pages and landing pages; improved CSS/HTML bases.

- Translated Figma wireframes into accessible interfaces (semantics, contrast, hierarchy).

- Documented acceptance criteria; version control with Git/GitHub.

Software Developer — University Projects (Escuela Politécnica Nacional) *Quito, Ecuador*
Apr 2020 – Present

- Led multiple student teams to deliver academic projects, resulting in the prototypes listed in the "Featured Projects" section.

Featured Projects

- **Clinical Laboratory System**
  Interface for test registration and results reporting

  - Accessible forms with validations and a clear information hierarchy.
  - Focus on usability for data entry and reporting views.

- **Web "Chauchera"**
  Lightweight personal expense tracker

  - Clean interface for quick balance and category views.

- **Cryptocurrency Wallet (Academic Prototype)**
  Balance and transaction interface

  - Simple, readable dashboard with status states and empty views.

Education

B.S. in Software Engineering (In Progress)
Escuela Politécnica Nacional, Quito   *2021 – Present*

High School Diploma in Sciences
"Pomasqui" Educational Institution   *2021*

Certifications

- Introduction to Data Analysis with Python – Alison (2023)

Languages

Spanish: Native
English: Intermediate
